68TH ANNUAL CONFERENCE DEDICATION

L. KAY BARTHOLOMEW ELDREDGE, EDD, MPH (1951-2016)

Kay Bartholomew Eldredge was professor and distinguished teaching professor in the Department of Health Promotion and Behavioral Sciences at the University of Texas (UT) School of Public Health, where she served as associate dean for academic affairs from 2009-2015. After graduating from Austin College in 1974, Kay worked at a citycounty health department and later at Texas Children's Hospital and Baylor College of Medicine. She earned her MPH degree from UT Health School of Public Health and her doctorate in educational psychology from the University of Houston College of Education. Kay's contributions to health education included "Intervention Mapping," a systematic framework for planning and implementing theory- and evidencebased health programs, and pioneering teaching techniques such as the "flipped classroom," which challenged students to integrate theory and evidence into health promotion interventions. Kay's dedication to teaching, mentoring and research were recognized with the ASPPH Teaching Excellence Award, the UT's 2016 McGovern Award, UT Health President's Scholar for Teaching, and The University of Texas System Regents' Outstanding Teaching Award.

WILLIAM ALEXANDER (BILL) DARITY SR., PHD (1924-2015)

Bill Darity served as SOPHE's president in 1969, advancing the health education profession in the national and international theatres. Born in East Flat Rock, North Carolina, Bill earned a BS degree from Shaw University and MSPH degree from North Carolina Central University. He worked for 10 years as a WHO Regional Advisor for 17 countries in the Eastern Mediterranean Region, including 11 Arab countries, focused primarily upon malaria eradication. In June 1964, Bill became the first African-American to earn a doctorate from the University of North Carolina at Chapel Hill. He joined the University of Massachusetts at Amherst faculty in 1965 and rose to founding dean in the School of Health Sciences in September 1973. Bill was also the first African-American to become a dean of a school of public health. In the final stages of his academic career, he led a major five-year NCI-funded research study on smoking adoption and health risks among middle- and low-income blacks. Upon retiring from the academy, Bill was senior associate and deputy director for the Asia and Near East for the Population Council of New York. He was honored with many awards throughout his lifetime, including the SOPHE Distinguished Fellow in 1999.

HELEN P. CLEARY, DSC, MPH, CHES (1920-2016)

Helen Cleary served as SOPHE president in 1975 and president of the former New England SOPHE chapter. A strategic visionary, she led a decade long effort as chairperson of the National Task Force on the Preparation and Practice of Health Educators in the mid-1970s to 1980s. The Task Force launched the National Commission for Health Education Credentialing, Inc. (NCHEC) in 1988, with Helen serving as the founding chair of the NCHEC Board of Commissioners and the first certified health education specialist (CHES #1). Helen's early career was as a teacher of mathematics and science, followed a stint in the U.S. Marine Corps from which she retired with the rank of Lt. Colonel in 1965. After graduating with her MPH from Yale, she worked as a health educator at the Boston Health Department and various non-profit organizations in Massachusetts. Helen earned her doctorate from Harvard University, where she served as health education faculty and Associate Professor in the Department of Family and Community Medicine of the University of Massachusetts Medical School. Helen's extraordinary leadership, dedication and service were recognized with many awards throughout her lifetime, including the SOPHE Distinguished Fellow Award in 1986.

HELEN STAPELY ROSS, EDD, MPH (1921 – 2016)

Helen Ross, SOPHE's 28th President (1977-78), had a 50-vear career in health education that coincided with important historical, global, and professional challenges to public health. She araduated from the University of Utah in 1946 and earned her MPH degree from UC Berkeley School of Public Health in 1953. At Berkeley, she met her lifelong friend and mentor, Dr. Dorothy Nyswander, and eventually her devoted husband of 40 years, Paul Mico (SOPHE President (1989-90). Together, with other SOPHE pioneers known as SOPHE's "kitchen cabinet," they volunteered tirelessly out of their homes to strengthen SOPHE operations. After earning her doctorate in 1970, Helen was recruited to San José State University to develop one of the first accredited MPH programs outside of a school of public health. During this time, she had a seminal role in developing public health education accreditation and co-authored one of the first books to apply behavioral science theory to health education. Helen received many accolades during her lifetime, including SOPHE's Distinguished Fellow award in 1986, and Northern California SOPHE's Dorothy Nyswander Award for Leadership in Public Health Education.
